

# Grace (Yu-Chun) Yen

HCI Researcher, PhD in Computer Science

[y Yen4@illinois.edu](mailto:y Yen4@illinois.edu) | 217-979-6380 | [grace-yen.com](http://grace-yen.com)

## EDUCATION

- 
- University of Illinois at Urbana-Champaign**, Urbana, Illinois 2013- 2020 (expected)  
PhD Candidate in Computer Science, Advisor: Dr. Brian P. Bailey  
Research Area: Human-Computer Interaction for Creativity Support
- National Taiwan University (NTU)**, Taipei, Taiwan 2009 - 2011  
M.S. in Computer Science, Advisor: Dr. Li-Chen Fu  
Research Area: Artificial Intelligence for Pervasive Healthcare
- National Taiwan Normal University (NTNU)**, Taipei, Taiwan 2005 - 2009  
B.S in Computer Science, Advisor: Dr. Chiung-Yao Fang  
Research Area: Computer Vision for Education

## PROFESSIONAL SKILLS

- 
- Quantitative Methods:** Statistical testing, behavior analysis, machine learning
- Research Methods:** Survey design, Interview, Prototyping, Field research, Contextual inquiry
- Programming languages:** Python, JavaScript, jQuery, PHP, MySQL, JAVA, C++
- Data analysis:** R, SPSS, Tableau, JMP
- Sketch tools:** Balsamiq, Adobe XD, HTML/CSS

## PUBLICATIONS (PEER-REVIEWED) All files are available at [grace-yen.com](http://grace-yen.com)

## WORK EXPERIENCE

**Adobe Inc.,** San Francisco, CA 2019 Summer  
*HCI Research Intern. Host: Joy O. Kim*

- Led a design-based research project aiming at developing tools for capturing and presenting the relationships between user feedback and the iterative design process.
- Presented research findings in product research groups and publish an academic paper in ACM CHI 2020
- Closely collaborated with creative directors, product managers, UI/UX designers, and engineers to identify designers' pain-points when receiving and managing feedback provided by multiple stakeholders

**Adobe Inc.,** San Francisco, CA 2018 Summer  
*HCI Research Intern, Creative Intelligence Lab, Host: Dr. Joy Kim*

- Conducted formative research to identify designers' pain-points and strategies when managing feedback provided by multiple stakeholders (survey study, contextual inquiries, stakeholder interviews).
- Built a visualization tool that helps beginner designers better attend to critical issues and conflicting opinions while reducing the sense of being overwhelmed due to the large amount of information, compared to using document-editing tool.
- Performed both qualitative (survey, screen-recording, interview) and quantitative (one-sample t-test, paired t-test) data analysis techniques to gain insights from user research with twenty beginner designers.

**National Science Council (Taiwan),** Taipei, Taiwan 2011 – 2013  
*Lead Software Engineer/Researcher, Supervisor: Dr. Greg Lee*

- Worked as the lead engineer that designed and implemented a collaborative learning platform for computer science education. To gain insights into the research and development of the platform, I hosted multiple workshops with CS instructors in both universities and high schools, discussing the challenges when teaching programming in computer labs. The final platform has been deployed in multiple large-scale programming classes.

## RESEARCH EXPERIENCE

**Orchid Research Group,** UIUC, Champaign, IL 2013- present  
*Doctoral Graduate Researcher, Advisor: Brian P. Bailey*

- Designing lightweight interventions for increasing feedback engagement in online spaces.
- Reporting empirical results showing how including and ordering different interventions in the feedback loop improves design performance and perceptions of performance.
- Implementing practical systems for hosting large scale field study in design classrooms.
- Quantifying the effect of online platforms (e.g., Reddit, Facebook, MTurk) and design stages (early versus late-stage) on feedback generation.

**Intelligent Robot and Automation Lab,** NTU, Taipei, Taiwan 2009-2011  
*Graduate Researcher, Advisor: Li-Chen Fu*

- Built a smart ward in the NTU Hospital using pervasive and machine learning technology.
- Conducted ethnography research observing and recording the interactions between medical staff and post-surgery patients.
- Translated user insights into design principles for developing ambient sensing technology in the real-world hospital.
- Closely collaborated with surgeons, psychologists, and engineers (won the Best Master's Thesis). Built trust with post-surgery elderly patients to participate in our field research.

**Computer Vision and Image Understanding Lab,** NTNU, Taipei, Taiwan 2008-2009  
*Undergraduate Research Assistant, Advisor: Chiung-Yao Fang*

- Built a vision-based gymnastics motion recognition system. The goal is to support self-training for beginners.

## HONORS and AWARDS

[H6] **Dissertation Completion Fellowship,** University of Illinois at Urbana-Champaign

2019

[H5] <b>Grace Hopper Conference Grant</b> , University of Illinois at Urbana-Champaign	2017
[H4] <b>Muroga Endowed Fellowship</b> , University of Illinois at Urbana-Champaign	2013
[H3] <b>Best Master's Thesis</b> , Taiwanese Association for Artificial Intelligence, Taiwan	2011
[H2] <b>NSC Undergraduate Research Grant</b> , National Science Council, Taiwan	2009
[H1] <b>Distinguished Undergraduate Scholarship</b> , full tuition support	2005-2009

## MENTORING/TEACHING EXPERIENCE

<b>PURE Undergraduate Research Program</b> , University of Illinois at Urbana-Champaign <i>Research mentor</i> : mentored three undergraduate students and two master students for their research projects	2017 Fall
<b>CS 565-Human-Computer Interaction</b> , University of Illinois at Urbana-Champaign <i>Teaching Assistant</i> . led discussions on a broad set of HCI topics. Mentored eight research projects on the topic of leveraging crowdsourcing technology for iterative design.	2015, 2017 Spring
<b>CS 465-User Interaction Design</b> , University of Illinois at Urbana-Champaign <i>Instructor</i> , Taught the principles of user interface design and mentored term projects on the topic of mobile and Web interface design.	2014, 2017 Fall
<b>Introduction to Web Design</b> , SSCV High School, Taipei, Taiwan <i>Practice Teacher</i>	2009 Fall

## ACADEMIC AND COMMUNITY SERVICES

### Paper Reviewer

- CSCW 2020 (received [Special Recognition of Outstanding Review](#))
- CSCW 2018
- CHI 2020
- DIS 2017
- Creativity & Cognition 2018
- Creativity & Cognition 2019

**Graduate Ambassador** of UIUC CS Department

**Coordinator**, HCI Seminar, scheduling and coordinating talks given by external speakers
